## *a quarterly Journal of*
## PLANNING, HOUSING & PUBLIC UTILITIES

VOLUME XL

February 1964-November 1964

## LEADING ARTICLES

ANDREWS, RICHARD B. Economic Planning for Small Areas: Plan Implementation Concepts and the State's Role .....163–174
BOITEUX, MARCEL. The Green Tariff of the Electricité de France (A Translation by Eli W. Clemens and Lucienne C. Clemens .....185–198
BROOKS, DAVID B. The Supply of Individually Mined Minor Metals and Its Implications for Subsidy Programs ..... 19–28
CLEMENS, ELI W. (Translator) The Green Tariff of the Electricite de France. By Marcel Boiteux. Lucienne C. Clemens, co-translator .....185–198
——— ———. Marginal Cost Pricing: A Comparison of French and American Industrial Power Rates .....389–404
CLEMENS, LUCIENNE C. (Translator) The Green Tariff of the Electricité de France. By Marcel Boiteux. Eli W. Clemens, co-translator .....185–198
DAVISSON, WILLIAM I. Public Investment Criteria .....153–162
DORNER, PETER. Land Tenure, Income Distribution and Productivity Interactions ....247–254
GREENHUT, M. L. When is the Demand Factor of Location Important? .....175–184
GROVES, HAROLD M. Financing Metropolitan Municipalities in Wisconsin (John Riew, co-author) ..... 29–40
——— ———. Institutional Economics and Public Finance .....239–246
GUTENSCHWAGER, GERALD. Intra-Metropolitan Industrial Location: The Scrap Industry in Chicago .....129–140
HALL, GEORGE R. Product Quality and Public Land Management ..... 59–66
HILL, GEORGE W. The Agrarian Reform in Costa Rica, ..... 41–48
HOYT, HOMER. Recent Distortions of the Classical Models of Urban Structure .....199–212
JOHNSON, V. WEBSTER. Programming for Land Reform in the Developing Agricultural Countries of Latin America (Baldur H. Kristjanson, co-author) .....353–360
KAPLAN, MARSHALL. The Planner, General Planning and the City .....295–302
KRISTJANSON, BALDUR H. Programming for Land Reform in the Developing Agricultural Countries of Latin America (V. Webster Johnson, co-author) .....353–360
LOMBERG, DORIS. Planning by Wisconsin Farmers for Old Age and for Survivors ....405–420
MEAD, WALTER J. A Positive Proposal to Strengthen the Lumber Industry .....141–152
MULLER, PETER. Recent Developments in Land Tenure and Land Policies in Germany ....267–276
OWEN, WYN F. Land and Water Use in the Egyptian High Dam Era .....277–294
POWERS, MARY G. Age and Space Aspects of City and Suburban Housing .....381–387
RIEW, JOHN. Financing Metropolitan Municipalities in Wisconsin (Harold M. Groves, co-author) ..... 29–40
SCHILLER, HERBERT I. Current Problems in Raw Materials Supply .....361–369
SCHAAF, A. H. Public Policies in Urban Renewal: An Economic Analysis of Justifications and Effects ..... 67–78
SHENKEL, WILLIAM M. The Economic Consequences of Industrial Zoning .....255–266
SHIPMAN, WILLIAM D. Some Implication of Nuclear Power Generation in Large Central Stations ..... 1–18
THOMAS, MORGAN D. The Export Base and Development Stages Theories of Regional Economic Growth. An Appraisal .....421–432
WEBSTER, HENRY H. Economic Research for More Effective Assistance to Woodland Owners .....371–380
WENNERGREN, E. BOYD. Valuing Non-Market Priced Recreational Resources .....303–314
WHITELAW, J. S. Some Techniques of Analyzing Rural Urban Relations: A Review of Methods .....117–128
WILL, ROBERT A. Federal Influences on Industrial Location: How Extensive? ..... 49–58

## REPORTS AND COMMENTS

ALONSO, WILLIAM. The Historic and the Structural Theories of Urban Form: Their Implications for Urban Renewal .....227–231
BERRY, RUSSELL L. Share Rents as an Obstacle to Farm Improvement and Soil Conservation .....346–352

BOWERS, DAVID A. "Cyclical Sensitivity of Public Utilities: 1947–59": A Rejoinder (Wallace F. Lovejoy, co-author) .....338–340
BRIDGES, BENJAMIN JR. The Elasticity of Property Tax Base: Some Cross Section Estimates .....449–451
BURNS, LELAND S. People and Jobs . . . . Or Chickens and Eggs .....231–234
CARLSON, JOHN A. Demand Obsolescence in a Natural Monopoly .....340–346
CURRAN, DONALD J. Infra-Metropolitan Competition ..... 94–99
DALY, GROVER. The Sale and Financing of On-the-lot Housing (D. Robert Papera, co-author) .....433–437
DEASY, GEORGE F. Economic Impact of a New Pennsylvania Tourist Facility (Phyllis R. Griess, co-author) .....213–220
FITCHETT, DEL. Land Use and Land Control on the Northern Coast of Peru .....441–443
FOSTER, JOHN. Measuring the Productivity of Land Used for Outdoor Recreation .....224–227
GILDEA, RAY Y. JR. Culture and Land Tenure in Ghana .....102–104
GOLDBERG, DAVID. A Test of the Accuracy of Ratio Correlation Population Estimates (V. R. Rao and N. K. Namboodiri, co-authors) 100–102
GRIESS, PHYLLIS R. Economic Impact of a New Pennsylvania Tourist Facility (George F. Deasy, co-author) .....213–220
HEARLE, EDWARD F. R. Recent Land-Use Trends in Forty-Eight Large American Cities (John H. Niedercorn, co-author) ....105–110
JOHNSON, ALTON C. Residential Mobility of the Retired Industrial Worker (S. B. Prasad, co-author) .....220–223
JOHNSON, BYRON L. Is Housing Productive? 92–94
LEBARON, ALLEN. The New Haven Decisions and Interstate Commerce Commission Rate Prescription .....324–331
LOVEJOY, WALLACE F. "Cyclical Sensitivity of Public Utilities: 1947–59": A Rejoinder (David A. Bowers, co-author) .....338–340
MACINKO, GEORGE. Resource Management and Conservation: the Approach of the Brandywine Valley Association .....318–324
MANGIAMELE, J. F. Economic and Physical Development: A Proposal for Local Coordination .....437–440
MUNGER, JAMES A. Components of Rural Land Values in Northern Wisconsin ..... 87–91
NAMBOODIRI, N. K. A Test of the Accuracy of Ratio Correlation Population Estimates (David Goldberg and V. R. Rao, co-authors) .....100–102
NIEDERCORN, JOHN H. Recent Land-Use Trends in Forty-Eight Large American Cities (Edward F. R. Hearle, co-author) .....105–110
PAPERA, D. ROBERT. The Sale and Financing of On-the-lot Housing (Grover Daily, co-author) .....433–437
POOLE, RICHARD W. Implications of Labor Characteristics and Commuting Patterns for Regional Analysis .....110–116
PRASAD, S. B. Residential Mobility of the Retired Industrial Worker (Alton C. Johnson, co-author) .....220–223
PYATT, EDWIN E. Benefit-Cost Analysis for Municipal Water Supplies (Peter P. Rogers, Hassan Sheikh, co-authors) .....444–449
RAO, V. R. A Test of the Accuracy of Ratio Correlation Population Estimates (David Goldberg and N. K. Namboodiri, co-authors) .....100–102
ROGERS, PETER P. Benefit-Cost Analysis for Municipal Water Supplies (Edwin E. Pyatt, Hassan Sheikh, co-authors) .....444–449
SARGENT, FREDERIC O. The Resource Allocation Process: A Distinguishing Characteristic of Land Economics .....315–318
SHEIKH, HASSAN. Benefit-Cost Analysis for Municipal Water Supplies (Edwin E. Pyatt, Peter P. Rogers, co-authors) .....444–449
SIEGEL, RICHARD A. Stability of Input-Output Production Coefficients for the Residential Construction Industry .....331–335
SPIEGELMAN, ROBERT G. A Method for Analyzing the Location Characteristics of Footloose Industries: A Case Study of the Precision Instrument Industry ..... 79–86
TAYLOR, D. R. F. Changing Land Tenure and Settlement Patterns in the Fort Hall District of Kenya .....234–237
WHITAKER, GILBERT R. JR. "Cyclical Sensitivity of Public Utilities: 1947-59": A Comment .....336–338

## SUBJECT MATTER

A

Appraisal
*see* Real estate; Urban renewal
Aswan Dam (Egypt) and irrigation of land ..227–293
Atomic Energy Commission .....5

B

Benefit-cost analysis
municipal water supply study: Puerto Rico
value of water to industry .....444
variation in discount rates .....445
Brandywine Valley Association
resource management and conservation ....318–324

C

Chicago
industrial location problems of scrap industry
auto wrecker factor .....134
nature of the industry .....129
organization of the industry .....131
present locational pattern .....133
City planning
general planning and the planner
community participation .....301
general plan approach .....297
planning organization .....301
role of the planner .....297
urban realities .....295
*see also* Benefit-cost analysis; Community planning; Housing; Milwaukee County, Wisconsin; Residential Construction; Taxation

Community planning
capital improvement program ....439
industrial development factor ....438
need for coordination ....440
*see also* City planning
Conservation
*see* Benefit-cost analysis; Brandywine Valley Association; Northern Wisconsin; Recreation; Rural land values; Wisconsin
Costa Rica
agrarian reform ....41–48
Cyclical sensitivity
public utilities: 1947-1959 ....336–340
*see also* Marginal cost pricing; Public utilities

D

Demand factor
meaning in location economics
alternative categories ....176
basing point pricing ....180
equalizing delivered price system ....179
non-discriminatory plenary ....182
price systems and demand concepts ....179
*see also* Benefit-cost analysis; Marginal cost pricing; Regional economic growth
Demand obsolescence
competitive model, telephone industry ....340–346
*see also* Public utilities
Demographic studies
*see* Land use; Ratio correlation; Urban planning
Developing agricultural countries
programming by the United States in Latin America
capital and technical assistance joined ....357
institutional changes ....358
land reform defined ....355
policy statement of 1962 ....356
*see also* Benefit-cost analysis; Land reform
Developing countries
*see* Costa Rica; Developing agricultural countries; Egypt; Ghana; Kenya; Latin America

E

Economic base theories
*see* Economic planning; Industrial location; Lumber industry; Regional analysis; Regional economic growth; Urban structure
Economic planning
Plan implementation for small areas
concepts ....162
continuous overview accounting ....171
legislative and lobbying activity ....167
maintenance of analysis system ....164
national resource studies ....172
state's role ....169
*see also* Economic impact; Regional economic growth
Egypt
irrigation potential and Aswan Dam
cultivation of new land ....281
estimated water requirements ....289
improvement of land in cultivation ....283
power supply potential ....280
Electric utility system, France
review of a nationalized utility (a translation)
changes in cost structures ....187
effects of inflation ....185
marginal costs in Paris ....190
motivation to reduce peaks ....195
results expected ....193
scale of the "Green Tariff" ....192
waterpower risks ....191
*see also* Marginal cost pricing

F

Family Farm succession
case study of Wisconsin farmers
health insurance ....412
indebtedness problem ....410
life insurance but little protection ....408
liquidity factor ....411
non-farm resources in old age ....417
protective versus equity range ....408
reliance on family-farm succession ....414
Federal Housing Administration
*see* Real estate
Federal Power Commission ....155
Flood Control Act of 1936 ....153
Forestry
research to aid woodland owners ....371–380
France
*see* Electric utility system, France; Marginal cost pricing

G

Germany
land tenure and land policies
farm size distribution changes ....269
Land Transactions Act, 1961 ....272
lease of allotments proposals ....269
parcellation problem ....268
Ghana
land tenure and culture orientation ....102–104

H

Housing
productivity analysis ....92–94
*see also* Economic planning; Housing research; Property tax base; Residential construction; Rural urban relations; Urban planning
Housing research
age and space aspects study
availability of housing in selective areas ....384
city and suburban comparisons ....386

I

Industrial location
direct government ownership ....49
Interstate Commerce Commission ....55
legislative and legal effects ....55
side effects of federal programs ....53
Tennessee Valley Authority ....53
*see also* Chicago; Community planning; Demand factors; Industrial zoning; Lumber industry; Precision instrument industry; Regional economic growth
Industrial zoning
economic consequences analysis
demand for land ....256
development of districts ....259
prohibited industries problem ....261
relative elasticity of space demands ....262
zoning practics ....260
*see also* Industrial location
Infra-Metropolitan competition
case study, Milwaukee County, Wisconsin ....94–99
*see also* Chicago; Industrial location; Property tax base
Institutional economics
its relation to public finance

collective action ....244
concept of property ....245
conflict of interests theory ....244
empirical and qualitative research ....242
interdisciplinary interest ....240
use of government in problem-solving ....243
*see also* Forestry; Land economics; Resource allocation process
Interstate Commerce Commission
*see* Industrial location

K

Kenya
changing land tenure and settlement patterns ....234–237

L

Land Economics
*see* Institutional economic; Regional economic growth
Land reform
*see* Costa Rica; Egypt; Ghana; Kenya; Land tenure; Latin America; Peru
Land tenure
*see* Costa Rica, Germany, Ghana, Kenya, Latin America; Peru; Share rents
Land Transactions Act, 1961 (Germany) ....272
Land use
trends in forty-eight American cities
land absorption coefficients ....109
land use densities ....107
Rand Corporation study ....105
*see also* Chicago; Economic planning; Egypt; Family farm succession; Forestry; Germany; Land tenure; Outdoor recreation; Property tax base
Latin America
analysis of land tenure structures ....353–360
*see also* Developing agricultural countries; Peru
Lumber industry
proposal to strengthen the industry
Douglas fir region problem ....141
employment in timber industry ....141
wholesale log market proposal ....149

M

Marginal cost pricing
industrial power rates comparison study
nationalized electric utility system (France) ....389–392
off-peak service potential ....396
statistical comparison with United States ....392–397
Metals
individually mined minor metals
empirical evidence ....22
general supply conditions ....20
implications for subsidy programs ....19
mercury supply ....22
tungsten concentrate ....23
Milwaukee County, Wisconsin (case study urban complex) ....94–99
*see also* City planning
Mineral resources
*see* Metals

N

Natural resources
*see* Conservation; Metals; Outdoor recreation; Raw materials supply
Northern Wisconsin
rural land values components
lakeshore properties ....88
open country land ....88
sources and analysis of date ....87
Nuclear power generation
economic implications, large central stations
Atomic Energy Commission ....5
construction and operating costs projections ....3
existing stations and proposed stations ....5
impact on utility system organization ....6
regulatory aspects ....10

O

Outdoor recreation
measuring productivity of land used
alternative measures ....225
calculation of patron time ....225
*see also* Recreation
Outdoor Recreation Review Commission ....64
*see also* Outdoor recreation

P

Pennsylvania
economic impact of tourist facility
local and outside areas ....216
site characteristics and facilities ....212
Peru
land use and land control: Northern Coast
pattern of land holdings ....443
Planning
*see* City planning; Latin America; Regional economic growth
Population estimates
*see* Ratio correlation; Regional economic growth
Precision instrument industry
industrial location techniques
appraisal of location determinants ....84
clustering tendency of plants ....80
transportation costs factor ....80
*see also* Industrial location
Property tax base
cross-section estimates in elasticity
per capita regressions ....450
total regressions ....450
Public finance
*see* Institutional finance; Property tax base
Public investment criteria
benefit cost analysis ....153
cost allocations ....159
*see also* Benefit-cost analysis; Marginal cost pricing; Public utilities
Public land management and product quality 59–66
*see also* Urban land values
Public policies
economic analysis of urban renewal
aggregate land improvements ....75
effect of market imperfections ....69
nonmarket locational gains ....72
private market test ....68
*see also* Benefit-cost analysis; Housing; Regional economic growth
Public utilities
*see* Benefit-cost analysis; Cyclical sensitivity; Demand obsolescence; Electric utility system, France; Marginal cost pricing; Property tax base; Transportation
Puerto Rico study; water supply
*see* Benefit-cost analysis

R

Rand Corporation; study on land use trends ....105

Ratio correlation
population estimates tests
four techniques evaluation ....100
Raw Materials supply
diminution in United States and Western Europe
new nations as suppliers ....364
possible explanations ....364
ratio of net imports to supply ....361
Real estate
sale and financing of on-the-lot housing
FHA insured mortgages ....435
Jim Walter Corporation practices ....435
private financing ....436
*see also* City planning; Housing; Property tax base; Urban renewal
Recreation
valuing uses of natural resources ....303–314
Regional analysis
case study of economic progress data
commuting patterns item ....112
labor characteristics item ....114
*see also* Economic planning; Industrial locating; Outdoor recreation; Regional economic growth; Rural urban relations; Urban structure
Regional Economic Growth
export base and development stages theory
comparative cost considerations ....430
Engel curves and structural change ....426
production and location factors ....430
regional self-sufficiency ....426
Regulation
*see* Marginal cost pricing; Nuclear power generation; Transport rate-making powers
Residential construction
stability of production functions ....331–335
*see also* Property tax base
Residential mobility
problem of retired industrial worker
home ownership ....221
research design and method ....221
Resource allocation process
characteristic of land economics ....314
*see also* Brandywine Valley Association
Rural land values
*see* Family farm succession; Northern Wisconsin; Rural urban relations
Rural-Urban relations
techniques analysis
communications techniques ....125
delimitation of field of influence ....121
determination of a hierarchy ....119
questionnaires method ....124
*see also* Economic planning; Urban planning

S

Share rents
farm improvement and soil conservation
insecure tenure problem ....347
landlords' security and tenants' freedom ....349
*see also* Family farm succession

T

Taxation
*see* Property tax base
Tennessee Valley Authority
*see* Industrial location
Tourist industry's economic impact (Pennsylvania) ....213–220
Transport rate-making powers
destructive competitive factor ....330
dimensions of New Haven decisions ....325
effects of decisions by courts ....324
Transportation
*see* Regulation; Transport rate-making powers

U

United Nations Committee on Housing ....94
United States and raw materials supply ....361–369
Urban form
historical and structural theories
implications for urban renewal ....227–231
*see also* Urban renewal
Urban planning
*see* Community planning; Economic planning, Housing; Industrial location; Infra-metropolitan competition; Regional economic growth; Residential mobility; Rural urban relations; Urban renewal; Urban structure; Wisconsin
Urban renewal
*see* Housing; Public policies; Rural urban relations; Urban form
Urban structure
distortions of the classical models
better residential area ....206
central business districts ....200
commuters' zones ....207
factory or heavy industrial district ....205
office building ....203
sector theory ....208
wholesale and light manufacturing zone ....205
zone of workingmen's homes ....206

W

Western Europe and raw materials supply ....361–369
Wisconsin
financing metropolitan municipalities
fiscal patterns ....33
inequalities among municipalities ....32
*see also* Family farm succession; Northern Wisconsin

Z

Zoning
*see* Industrial zoning; Northern Wisconsin
